## Delivery & Pick-Up

We offer a delivery and pick-up service for a fee based upon location and amount of equipment in a mutually agreeable time frame. A surcharge may apply based upon current fuel prices. Please allow up to an hour on either side of your target time as unforeseen circumstances arise from time to time. All of our drivers have cellular or radio communication devices so that if questions or problems arise they can be contacted.

Any additional trips made per customer request or because of an inability to deliver or pick-up will be charged an additional delivery / pick-up fee.

To ensure a delivery / pick-up slot amenable to your schedule, we ask you to give us at least 48 hours notice. We will try to accommodate you as best as we can depending on our commitments or immediate circumstances.

Delivery / Pick-Up is quoted as a tail-gate drop off or retrieval only. Any special requirements or accommodations must be specified at least 48 hours before we arrive. Additional charges may be added for stairs, long hauls or if any other extraordinary circumstances are encountered. Before pick-up please return equipment to its original drop off point. Equipment should be sheltered in the event of inclement weather.

### Final Counts

All changes to an order must be made 48 hours prior to your delivery date. Changes after that are subject to a re-stocking fee.

### Early, Late or Holiday

Deliveries or Pick-Ups made before 8:00 a.m., after 7:00 p.m. (in the Reno / Sparks area) or on a holiday are all situations that are subject to additional fees when requested by a customer.

## Policies

### Reservation Deposit

50% of the rental fee is required at the time of reservation. There is a minimum deposit of \$25.00. The balance of the rental fee is due on or before the date of your equipment delivery.

If a cancellation is made 21 days prior to the rental date, the reservation deposit will be refunded- less than 21 days a 25% re-stocking fee will apply, excluding tents (which is 100%). Any equipment, including linen, that we have to special order or sub-rent requires a 100% deposit and is non-refundable.

A credit card is required for all tent reservations.

### Shortages & Breakage

Please notify the delivery driver or front office personnel of any shortages or breakage that may occur before your event. The renter assumes responsibility for missing or broken items unless we are notified otherwise.

Full replacement cost will be charged for broken or missing items.

### Tableware

All dinnerware, flatware and glassware must be free of food before pick-up or return. If not, a cleaning charge will be assessed to the order.

### Linen

Full replacement cost will be charged for missing or damaged linen. Anything that renders a cloth unusable for future rental would constitute a replacement charge.

### Tables, Chairs & Lattice

No staples, nails or tacks are to be used on any of our equipment.

### BBQ's

Remove coals & clean grills.

# Tents & Canopies

We offer expandable frame and tension tents that have no ground level interior poles in standard widths of 10', 15', 20', 30' and 40' with the lengths varying depending on your needs. Tents can be constructed and installed to accommodate most functions, although each installation is unique. We will conduct a site inspection at your request or if we deem one may be necessary. An additional fee may apply for this service.

**-Installing safe and weather-worthy tents is our primary concern. All of our tenting is inspected before it is set-up at your event. We reserve the right to refuse to set-up or take-down a tent if inclement weather conditions create an unsafe situation.**

-Remove all non-permanent items from the installation area prior to our arrival and clear the tent prior to its take-down.  
 -All of our vinyl skins are flame retardant and carry a California State Fire Marshall approved patch denoting that. We also carry Safety Packages that conform to building code.

## Tent Placement Considerations

*When determining the placement of a tent please consider the following conditions:*

- The area needed to accommodate your function. Please visit our Event Planning Guide at our Web-site [camelotpartyrentals.biz](http://camelotpartyrentals.biz) to determine the square footage you may need.
- Allow at least 10 to 16 feet around the perimeter of the tent for anchors.
- Topography (uneven, steep...)
- Surface (grass, asphalt, concrete...)
- Underground (utilities, sprinklers...)
- Surface Obstructions (trees, fountains, walls, fences...)
- Overhead (power lines, tree limbs, house eaves...)
- Standard perimeter height is 8 feet high with peak height varying by tent widths.
- Access or Egress requirements.
- Time of day (lighting, sun angle...)
- Wind Exposure.
