Satin 'Lamour' Cover	\$5.50
Chair Tie without Cover	\$1.25

Delivery / Pick-Up

We offer a delivery and pick-up service for a fee based upon location, amount of equipment rented and a mutually agreed upon time frame.

Delivery / Pick-up is quoted as a 'tail-gate' drop-off only to a nearby ground level area. Additional fees may be assessed for stairs, elevators, 'long-hauls', sand or any other extraordinary circumstances that may be encountered. Please inform Camelot personnel of any of these situations at least three (3) days before your delivery as circumstances may not allow us to accommodate such a request if our delivery crew arrives without prior knowledge.

Please make sure your site is prepared for delivery as any stand-by time incurred by our delivery crew will be billed at \$40 per man, per hour. Camelot personnel are not responsible or available for site prep work such as moving furniture, plants or other obstacles that may interfere with a delivery or pick-up.

It is the customers responsibility to verify all equipment counts when delivered and immediately notify Camelot of any discrepancies, otherwise we will assume all counts were correct and equipment was delivered in an acceptable condition.

If you or a representative of yours is not present on site during a delivery or pick-up, our delivery crew may leave your equipment at a pre-arranged location. In this case, you agree to accept the order as complete and all equipment in good working order.

There is an additional charge for set-up of equipment other than tents, stages and dance floors. Once equipment is set-up / installed there will be a fee to reposition it. Please provide a lay-out diagram if we will be setting up our tables or chairs for you.

All equipment should be stacked and/or returned to their containers in the same manner and location as they were delivered unless otherwise arranged. Equipment should be sheltered or protected in the event of inclement weather.

Early morning, late night, and holiday delivery and pick-up are all available, for a fee, when requested by a customer.

Any additional trips made per customer request or the inability to deliver or pick-up will be charged an additional trip charge.

Please visit camelotpartyrentals.biz for printable versions of all of our **Policies**.

**All prices in this brochure are subject to change without notice.*

Policies

Making A Reservation

This policy applies to all equipment except tents
Rental equipment is reserved only upon receipt of a signed rental contract and a 25% deposit for reservations over 30 days from the delivery date or a 50% deposit for reservations under 30 days from the delivery date. Special order items, resale items and/or sub-rented items all require a 100% non-refundable deposit. Final payment is due before the day of your equipment delivery. Inquiries and/or other proposals will not reserve rental equipment. Equipment is subject to availability. Rates for equipment are for time out. Unused equipment will be charged at full price.

Accounts Receivable Customers

To guarantee your equipment reservation, a signed copy of an order is required. Full payment is due on 15 or 30 days from invoice terms. Unpaid balances will accrue interest.

Reduction in item counts can be made up to 3 days before your delivery date. Items cancelled less than 3 days before a delivery will be charged a 15% re-stocking fee. Any item that is cancelled less than 24 hours from your earliest delivery time or that has been delivered to a site will be fully charged.

Every effort will be made to accommodate requests to add available equipment to an order before a delivery. **'Last Minute'** (3 days or less notice) additions may be accommodated, but due to loading and delivery schedules those requests may not be able to be fulfilled with your original order. Additional trips to deliver or pick-up equipment will be charged per trip.

Cancellation of an order made 14 days prior to an equipment delivery date will have their deposit refunded less a 5% or \$10 processing fee (whichever is higher). Cancellation of an order between 13 and 8 days before delivery will be refunded 50% of their deposit. Cancellations less than 7 days will forfeit their deposit. No cash refunds will be made for cancelled orders.

Equipment that is not returned by a customer or unavailable for pick-up on the specified return time/date will be charged at the full daily rental rate for each day past due. Arrangements must be made before a due date to extend a rental period.

Equipment Shortage & Breakage

The renter assumes all responsibility for missing or broken items unless we are otherwise notified. Full replacement cost will be charged for broken or missing equipment.

BBQ's & Griddles

Dance Floors

Oak Plank, 4' x 4' Panels.....\$1.65 sq. ft.

To size a dance floor we generally recommend that you figure about 2 sq. ft. per guest (which assumes about 1/4 of your guests will dance). One couple (or two people) will fit on a 4' x 4' panel.

All dance floor prices include set-up and take-down.

Delivery charges are not included.

Couples Dancing	Size	Price
9	12' x 12'	\$237.60
12	12' x 16'	\$316.80
15	12' x 20'	\$396.00
16	16' x 16'	\$422.40
20	16' x 20'	\$528.00
25	20' x 20'	\$660.00
30	20' x 24'	\$792.00

Larger (and smaller) sizes are available!

Be sure to visit camelotpartyrentals.biz to access our Dance Floor Sizing Guide on our Dance Floor & Staging Page.

Mirror Ball, 16" diameter\$16.00

20' x 20' Dance Floor

Floor Lamps

4 Globe 'Apollo' Lamp, 6'8", Wh. \$30.00

Staging

Whether you need a small platform for a meeting or a large deck for a concert or a reception, we have the stage system to meet your needs. We have an extensive inventory and can build the size that suits your events function- no matter the terrain!

All stage prices include set-up and take-down. Unusual or special circumstances may warrant additional labor charges. Delivery charges are not included.

Wenger Stage with non-slip decking, 4' x 8' panels, 16" or 24" high, comes with royal blue or black skirt and one set of stairs.....\$2.15 sq. ft.

To Rent Is To Recycle!

Tents & Canopies

You may not be able to count on Mother Nature, but you can count on a Camelot tent!

We offer expandable frame and tension tents that have no ground level interior poles in standard widths of 10', 15', 20', 30', 40' and 50' with variable lengths. Tents can be assembled and installed to accommodate most functions, although each installation is unique. We will conduct a site inspection at your request or if we deem one may be necessary (An additional fee may apply for this service).

-Installing safe and weather-worthy tents is our primary concern. All of our tenting is inspected before it is set-up at your event.

-All of our vinyl 'canvas' skins are flame retardant and carry a California State Fire Marshall approved patch denoting that. We also carry Safety Packages that conform to building code.

40' x 60' Qwik-Top Frame Tent

40' x 80' Festival Style Tent

Tent Placement Considerations

When determining the placement of a tent please consider the following conditions:

-The area needed to accommodate your function. Guest counts, type of event, serving areas, dance floors and the like will all contribute to the total space needed. Please visit our **Event Planning Guides** at camelotpartyrentals.biz to determine the square footage you may need.

-Footprint - Allow at least 10 to 16 feet around the perimeter of the tent for anchors.

-Topography (uneven, steep...)

-Surface (grass, asphalt, concrete...)

-Underground (utilities, sprinklers...)

-Surface Obstructions (trees, fountains, walls, fences...)

-Overhead (power lines, tree limbs, house eaves...)

-Standard **perimeter height** is 8 feet high with peak height varying by tent widths.

-Access or Egress requirements.

-Time of day (lighting, sun angle...)

-Wind Exposure.

Tents & Tent Accessories

The price of a tent includes 8' legs, and the labor for set-up and take-down. Costs such as delivery fees, 10' legs and accessories are not included. Additional costs may be incurred if any special procedures or unusual difficulties are required to safely install a tent.
